

To whom it may concern

24 January 2017

Dear Sir or Madam,

TAGORG International Diploma in IT Skills

I am pleased to confirm that Talal Abu-Ghazaleh Organization (TAGORG) has an exclusive agreement with Cambridge International Examinations (Cambridge) for the Validation of the International Diploma in IT Skills (Arabic and English versions) until 30th June 2017, subject to the rigorous Quality Assurance standards of Cambridge.

The Talal Abu-Ghazaleh Organization was awarded the status of a Cambridge International Partner in 2001. In addition, the Talal Abu-Ghazaleh Organization has been granted exclusivity to offer the International Diploma in IT Skills in English and Arabic, validated by Cambridge, in all Arab League countries. Cambridge validates this and other IT Skills qualifications in various parts of the world, which superseded the original Cambridge International Diploma in IT Skills. The International Diploma in IT Skills is owned by TAGORG, including the intellectual property rights, syllabuses and assessment. Cambridge intellectual property rights (CIE marks, certificates) remain the property of Cambridge.

Validation means Cambridge provides quality assurance for the Talal Abu-Ghazaleh Organization award, including User Acceptance Testing of the assessment materials and inspection of centres offering the award. Candidates are awarded a dual badged certificate signed by Talal Abu-Ghazaleh Organization and Cambridge, which is printed in Cambridge. Validation is based on rigorous Quality Assurance processes, including how assessment material reflects the syllabus, matches the software and is fit for purpose and reliable. User Acceptance Testing is part of the Quality Assurance process as are inspections of centres offering the award.

I would like to congratulate TAGORG on the successful implementation of the International Diploma/ Certificate in IT Skills and thank all involved parties for their support.

Yours sincerely

Udoka Ogbue
Product Manager
